Hello once more Joanne

I'm very glad indeed to write this letter to you Nthabiseng after a long time but however its how life goes indeed.

Nthabiseng I'm intended to proceed with Diploma of Permaculture as soon as possible so, could you please highlight me on the following points:-

- when do your classes begin?
- School fees per year
- accommodation plus food and e.t.c.

I told my wife and my children that you know how to teach adults and they said you keep on going.

Nthabiseng Really there is nothing in my mind except Permaculture.

See you,  
Bye-Bye

VINCENT MOTHABENG
